VOL. LXI: No. 22 REDWOOD CITY, CALIFORNIA, SATURDAY, AUGUST 27, 1921. ESTABLISHED 1859

OVER $33,000 TO BE COLLECTED FROM ALIENS IN SAN MATEO COUNTY

County Clerk Elizabeth M. Nash has completed the compilation of the registered aliens of the county. The total number is 3,302, all of whom will have to pay the alien tax of $10. Italy has the greatest number of aliens—1,488—and the Japanese come next with 460. When the suit brought by the Japanese to nullify the law is decided in the supreme court on September 6 every assessor in the state, if the law is declared constitutional, will begin the collection of this tax, which will amount to millions of dollars. Assessor Flynn will appoint a staff of collectors to begin the work at once after the decision is announced. There is over $30,000 to be collected in this county.

The work of registering all these aliens and compiling the names was a difficult task to perform by the efficient county clerk, but with her ability and able corps of assistants she accomplished the work in a manner that reflects credit upon her office. The following is a tabulated statement which shows the number of aliens from their respective countries:

Great Britain and Ireland	317

BAGATELOS BRINGS SUIT TO RECOVER $450

P. Bagatelos of this city has begun suit in the superior court against Peter Petrakos for $450 and costs. Bagatelos in his complaint alleges that he loaned the defendant $200 on January 12, 1921, and $250 on April 15, no part of which has been paid. Albert Mansfield is his attorney.

SOAKED TEN BUCKS FOR ERRATIC DRIVING

John Dizman, arrested on Sunday morning on a charge of reckless driving after his machine had collided with one driven by Joseph Walsh of Menlo Park on the state highway near Belmont, was fined $10 by Ray Griffin, justice of the peace. The defendant agreed to obey the traffic laws hereafter.

BIG CELEBRATION AT HALFMOON BAY

Plans for the big Ninth of September celebration at Halfmoon Bay are nearly completed and from the elaborate program arranged by the Native Sons and Daughters of San Mateo county the affair is to be a memorable one. All the parlors of the conuty have united to make the occasion one long to be remembered.

Joseph F. Greer, the veteran barbecue expert, will have charge of the barbecue and that means that none but the very best meat will be served. Joe learned the art from his ancestors, who in days long since passed barbecued meat for the Spanish residents of this valley who used to indulge in this pastime almost every week. Alvin S. Hatch of Halfmoon Bay is chairman of the general committee and Mrs. W. A. Brooke of the same place is secretary.

Undersheriff H. W. Lampkin is to be chairman of the day. He will deliver the speech of welcome to the visitors.

A big parade will precede the literary exercises and games.

WILL ORGANIZE COMMUNITY CENTER HERE

Miss Caroline L. Fielder, San Mateo County Community organizer, will make Redwood City her headquarters for a time. She is at the Sequoia Hotel.

While organizing Centers on the coastside, Miss Fielder visited Colma and San Bruno, conferring with those who are working along Community organization lines. Citizens of other towns on both sides have asked for her help, but no definite decision has been made as to just where she will begin the next Center.

Pescadero Center has been running two months on full time volunteer service, as Miss Gianola is ill; and Halfmoon Bay is now caring for her's with a part-time director, and part-time volunteer service.

As no two towns have exactly the same interests, so no two Centers will come into being in the same way, nor express community life in the same kind of activities.

The Red Cross co-operating, both coastside Centers have a Health Center, with health talks in the public schools. The splendid help of the teachers is what makes the coastside Centers a success.

J. A. HARVEY IS KILLED IN SANTA CRUZ

James A. Harvey, chairman of the board of supervisors of Santa Cruz county, was killed in Santa Cruz on Wednesday while supervising the unloading of a shipment of steel. Mr Harvey was well known in this county. For years he operated the Santa Cruz-Pescadero stage line. After traveling over the roads for a number of years he asked the people to elect him supervisor and he would give them roads over which they could and would travel. The voters of the district took him at his word, elected him and for years his township, which connects with the fifth township of San Mateo county, has had roads of which any place could be proud.

Mr. Harvey was a fine, upstanding man who stood for the best interests of his county. He recently appeared before the supervisors of an Mateo county and made a plea for the improvement of the road from Pescadero to the Santa Cruz county line.

LIONS ARE THANKFUL TO OFFICERS

The national secretary of the Lions Club has written Traffic Officer J. B. Logan a letter thanking him for his courtesy in conducting members of of the national convention at San cisco held recently, through San Mathe national convention at San Franpoints of interest on the peninsula. Five hundred automobiles carrying the delegates were escorted throughout the county over the good roads, much to the delight of the delegates, who hailed from every state in the union.

CHECK ARTIST CAUGHT IN 'FRISCO CITY

David Leskinen was arrested in San Francisco on Thursday for passing a fictitious check for $49.80 on Robert Lindsay of Pescadero. After committing the crime on August 15 Leskinen fled to San Francisco, where he was arrested by the police on Thursday. He was brought to the county jail here yesterday. The warrant for his arrest was issued by Judge Griffin.

EAGLES' BIG PICNIC ON SEPTEMBER 18

The Associated Aeries of the Fraternal Order of Eagles will hold a picnic at Beresford Park on Sunday, September 18. The five aeries of the county will take part in the outing. Eagles and their families will enjoy the picnic and a nice program of music that is to be rendered. The members of the society are looking forward to an enjoyable time on that day.

ANNA Z. NOLAN IS SUING HUSBAND FOR DIVORCE

Anna Z. Nolan, through her attorney, J. J. Bullock, has brought an action in the superior court against her husband, James E. Nolan, for an interlocutory decree of divorce on the ground of extreme cruelty. They were married in San Francisco on September 27, 1908, and have no children and no community property. Mrs. Nolan asks for attorney fees in the sum of $100, costs $25 and allmony in the sum of $50 a month. The couple formerly resided at San Mateo.

LABOR MISUNDERSTANDING.

There seems to be a misunderstanding rgarding the present labor troubles in this community. Some time ago the carpenters of Redwood City, by a unanimous vote, agreed to reduce the wages one dollar a day. So the strike now existing is not for an increase of wages. The carpenters desire to maintain their union as it is now. They are opposed to the miscalled American plan, which, if adopted, would mean the destruction of all unions and the enslaving of the laboring man.

"HOPE YOU'LL HANG BY THIS ROPE FOR YOUR FOUL CRIME"

Message Sent to Wm. Hightower Now in Redwood City Jail

William A. Hightower, the alleged slayer of Father Heslin, has lost that bravado and indifference that marked his manner when he was first brought to the county jail here. He is now realizing that he is approaching the stern reality of the law and that he is soon to face his accuser.

Jailer Coleman yesterday said that Hightower was unable to partake of his meals. He passes restless nights, s nervous and jumps at the least oise. Last evening there was some ormation against Hightower, charg- Hightower heard it and at once got up and dressed, appearing greatly agtated. He told the sheriff that he thought the lynchers were after him.

Late yesterday afternoon District Attorney Franklin Swart filed an informatio nagainst Hightower, charging him with the murder of Father Heslin on August 2 at Colma. He will most likely be arraigned this morning and a day set for pleading.

His attorneys, Glen Aldrich and Assemblyman Franklin K. Heck, law partners of Senator Emmons of Bakersfield, were here yesterday and had a long conference with him. The lawyers did not appear to be very jubilant when they left the jail. They will be here again today.

Attorney Herron secured a writ of habeas corpus from the court of appeals on Thursday, the writ having been previously denied by Judge Buck. Hightower will appear in the higher court on Monday morning. Why he should go there no one appears to know.

He does not want Herron as his lawyer and as he is not being denied any rights by the officials it appears absurd why he should be taken to the city.

Newspaper men of San Francisco are still on the job. About a dozen of the quill pushers haunt the jail and the court house continually, awaiting for something to "break." It only shows great rivalry among the San Francisco dailies.

Hightower received a letter yesterday containing a rope and the following lines: "We hope you will hang by this rope for your foul crime."

NO ELECTRIFICATION OF ROAD—SHOUP

In a letter from Paul Shoup, vice president of the Southern Pacific Company, submitted to the city council in Palo Alto Monday night by the city clerk, Frank Kasson, electrification of the Southern Pacific line between San Francisco and San Jose is declared out of the question.

According to Shoup, the company has "never at any time seriously considered electrifying the existing steam system." Shoup gave as the reasons for the refusal to take such a step the failure of the Alameda county electrified railways to earn their operating expenses and the belief of the company that "there is no assurance, directly or indirectly, of a fair return" on the proposed electrified peninsula line.

"If anything were done looking toward the extension of the peninsula railway," the letter continues, "it would be additional tracks and an uptown terminal in San Francisco, involving a large sum of money."

Henry Werder will leave tomorrow on a motor and hunting trip to Siskiyou county, accompanied by two friends from the Pacific Gas and Electric Company's office here. They will be gone for two weeks.

PRATT-LOW COMPANY BUSY CANNING

The Pratt-Low Preserving Company is now in splendid condition to continue work at its plant here indefinitely independent of any obstacles which may arise in the future and which at times beat the best regulated plants of this character. The labor shortage has been overcome. There are 325 employes at the plant and approximately $6,000 is expended weekly on the pay roll. The abundant fruit crop gives the concern the choice of the very best the orchards can produce. The quality of fruit put up by the Pratt-Low Preserving Company is of the very best. The brands produced by the company are always sought after by all wholesalers, principally eastern concerns.

Many people from Redwood City have been in San Jose during the past week to hear Mrs. McPherson, the faith healer, who is now preaching and healing in the Garden City. The cures that Mrs. McPherson makes are very wonderful.

THE WEEK'S EVENTS IN LOCAL CIRCLES

Personal Paragraphs Pertaining to Prominent People Prepared by Our Patent Pencil Pusher.

Miss Ernest Faber, a prominent young lady of Texas, is here on a short visit to her friend, Miss Gertrude Hind, of this city.

Z. T. Thorning, wife and child leave today for a trip through Washington, Oregon and Canada. They will go by train and will be away for a month.

Chris Cussen, the local carpenter, is recuperating at his home on Arguello street, after having undergone a successful treatment at the Mills Memorial Hospital at San Mateo, under the care of Drs. Ross and Offield.

Mr. and Mrs. David L. Walter of Atherton entertained at dinner last Saturday evening Mr. and Mrs. G. A. Armes of Woodside and Mr. and Mrs. William C. Empey of San Francisco.

Dr. and Mrs. Charles Boxton and Dr. Elizabeth Richardson arrived home Monday from a four months' trip spent in Europe and are domiciled in the Boxton home in the Finger Grove tract. The Boxtons left their talented daughter, Muriel, in Italy to complete her musical studies. She will make her debut in the musical world some time during the coming fall. The young lady has many friends on the peninsula who are watching her arrival in this state to greet her. The Boxtons' pretty home will be the scene of numerous house parties during the season.

N. W. Sexton, the well known architect with offices in the Chronicle Building, has purchased a parcel of property on Edgewood and Oakdale avenues on which he will erect a handsome home very shortly. Mr. Sexton was the architect for the Lincoln and Washington schools here. He stands high in his profession.

Lester & Hughes, experienced garage men of San Francisco, have purchased the Palace Garage, 124 Main street. The slogan of the new concern will be "Service." They are experienced mechanics and any business entrusted to them will receive their personal attention.

Fred Chilcott, who has been confined to his home on El Camino Real since his return from the South San Francisco Hospital, where he spent six weeks, was about the streets this week for a few minutes greeting his friends. It will be some time before Mr. Chilcott will be able to resume his position with the California Pacific Title Insurance Company.

Percy Smith, who has been traveling in the Orient since his discharge from the service two years ago, has returned home and is now assisting his mother, Mrs. O. A. Smith, in her real estate business.

Miss Freda Barg, who has been substituting at the Pigeon Point school south of Pescadero, has returned home. Miss Barg enjoyed her work on the coast side. The position has been filled by Miss Eureka Sahlborn, who has been teaching in Washington.

Wilfred Steele of Pescadero is in Redwood City visiting friends. He has entered Heald's business college and will take the full commercial course.

Donald W. Williams has written to friends that he expected to leave Long Beach yesterday for his home here. He will spend a week on the road and will arrive in Redwood City September 1. Mr. Williams has been in Long Beach since June. Accompanying him are Mrs. Williams, Edward Williams, Mr. and Mrs. Kendrick and Miss Maude Kendrick.

Mrs. Morris C. Cummings and Miss L. Cleone Cummings entertained last Friday afternoon in honor of Miss Miriam Mecredy. Miss Mecredy will be a September bride, her engagement to Charles MacNeill having been announced some time ago. Both of these young people are graduates of Sequoia High School. Mr. MacNeill was a student at Stanford University, but left and took a commission in the naval air forces during the war. He is now a buyer for the firm of Libby, MacNeill & Libby.

DEATH OF MRS. M. V. KNOWLES

Mrs. Mary V. Knowles, mother of Mrs. John D. Bromfield of Burlingame and widow of A. B. Knowles, passed away Thursday at her home in San Jose. She had been in ill health for more than a year, but her death came as a severe shock to her family and friends.

Her late husband was a member of the well known Knowles family of Daly City, which at one time owned nearly all the land in that vicinity.

DEATH OF MRS. ALVES

Last Friday Mrs. Marie de Jesus Alves, widow of the late Antone Alves and a pioneer of San Gregorio, passed away following a lingering illness. She was the devoted mother of George, William and Joseph Alves of Redwood City. Mrs. Alves had been a resident of an Gregorio for 30 years and of California 50 years. She was dearly beloved by all.

SERVER OF SWEETS IN LAW MESH

County Traffic Officer James B. Logan has filed suit in the superior court against the National Ice Cream Company of San Francisco and John Doe, driver for the company, asking $2,500 damages for injuries received by Logan on August 23, 1920. According to the complaint the company delivers ice cream and cracked ice to its San Mateo customers from a big truck. He alleges that the driver of the truck on the date of his accident allowed the melted ice to drop on the highway. This caused his motorcycle to skid.

SAN PEDRO TUNNEL IS PROPOSED

A subscriber wishes to start a movement to provide ways and means of tunneling through the San Pedro Mountains to relieve the congestion of the crowded highways of the county. By this means an outlet would be provided for the people of the coast side. The farmers and others there have suffered by the loss of the Ocean Shore railroad. This tunnel would be a great benefit to them. The proposition is feasible and worthy of consideration by the farmers and the business men of San Mateo county.

CORBUN ESTATE SETTLED BY JUDGE BUCK

The estate of Loren Coburn and that of Sarah S. Coburn were distributed in the superior court on Thursday by Judge Buck. Both estates have been subjetced to much litigation during the past few years, but they are now distributed and will be heard of no more. The name of Coburn has been on the court calendar of this county off anl on for over 50 years. During his lifetime Loren Coburn engaged in considerable litigation and after his death his estate was besieged by law suits from various persons. Many compromises were made and suit settled so that finally the money of the big estate went to the lawful heirs.

Some time ago Public Administrator W. A. Brooke was appointed administrator, taking the place of C. H. Wideman, who resigned so that he might bid on the timber land of the estate. He secured the property for $154,000.

Dr. Brooke on Thursday received the sum of $1,000 for his services. He took charge of the estate when it was about to be wound up.

Half of the estate went to the Mercantile Trust Company of San Francisco to be held in trust for the benefit of Wallace Loren Coburn, 65-year-old imbecile son. The other half went to C. H. Wideman and J. A. Bardin, executors of the last will of Coburn's widow, Mrs. Sarah Satira Coburn.

Final accounting filed by Public Administrator Brooke showed that he had received $146,003.53 and had disbursed $20,918.02, leaving $125,-$85.51 for distribtuion.

According to the report of C. H. Widemann and J. A. Bardin, executors of the estate of Sarah S. Coburn, the sum of $64,111.49 was on hand and the same was distributed to the lawful heirs of the aged woman.

Miss Cora Clute, nurse of the Redwood district for the Red Cross Association, returned to her work here Monday at the reopening of school. Miss Clute spent part of the vacation with relatives in San Francisoc and a part of the time camping at Lake Tahoe.

$300,000 BOND ELECTION CARRIED BY BIG VOTE AT ELECTION

The bond election held yesterday to bond the Sequoia Union High school district for $300,000 to build a suitable school house on the new high school site in Redwood Highlands carried by a big vote. The opposition was only negligible. From early morning until late in the evening the workers at the polls left nothing undone to bring out the voters. The vote was very large, showing the interest taken in the election by the electorate. The vote for the bonds was almost unanimous.

The trustees will meet very soon and formulate plans for proceeding with the new building. A competent architect will be secured to prepare plans for a one-story imposing building, modern in every detail and capable of housing 700 pupils. This will make adequate provision for the future. This is a rapidly growing community and the trustees are to make ample provisions for growth of the section.

The trustees of the high school feel gratified by the response made by the taxpayers at yesterday's election. The district has shown that it is progressive and that the people believe in higher education. The vote yesterday was a splendid tribute to education. It means that the taxpayer is willing to be taxed for funds to provide education for the boy and girl of the future, who are to take their places in this world of activity and keen competition.

Probably early next spring work will begin on the new structure. The building will be something new in high schools. It will be a credit to the district and a monument to the liberality and progressiveness of the community. The site is one of the most beautiful and picturesque in the state. Its long, winding driveways, stately pines, flower beds, choice shrubbery are to be admired. With the proposed imposing building surrounded with lawns and flower beds Sequoia Union High School will be certain to be one of the show places of San Mateo county. The site is composed of 40 acres, well improved. Suitable ball grounds and athletic tracks for the students will be arranged. Sequoia is to become the big school of the peninsula.

MOUNT CARMEL FAIR

Plans are going forward in a very satisfactory way for the parish festival to be given by the ladies of Mount Carmel parish in Odd Fellows' Hall on October 6, 7 and 8. The purchase of the Hanson property on Arguello street to be used as a convent for the teachers and pupils of the parish school has had the effect of enthusing the parishioners in their efforts to make the festival a success in every way.

SEQUOIA HIGH HAS LARGE ATTENDANCE

Sequoia Union High School opened on Monday with the largest freshman class in the history of the institution. One hundred registered in this class. Among the freshman members is John Shortridge, young son of Senator Samuel M. Shortridge, a graduate of the Warren school at Menlo Park.

The school is crowded. All available space has been taken and the principal, Mr. Argo, is at his wits' end to provide room for all the pupils. Two hundred and seventy pupils are registered and the school has capacity of only 200.

The school starts with an excellent corps of teachers, many of whom are new, only a few of the old teachers remaining. Former Principal S. P. McCrea of Sequoia delivered a farewell address to his former students Thursday afternoon. It was a splendid speech. He took occasion to admonish the boys and girls to improve every moment of their precious time. He spoke of the pleasant days he had with them and pledged that he would always think of them when far away in his Merced home. As he finished emotion had almost overcome him. The pupils were in tears as he left the platform. Mr. McCrea has the affection of his former pupils. His farewell was a sad one.

During the week classes were addressed by Roy W. Cloud, A. E. Montieth and Mr. Doxsee. The speeches were listened to with interest by all.

On Thursday afternoon there was a "pep" assembly in which several of the students spoke.

Mr. Argo, the new principal, is already popular with the student body and the teachers, all speaking in glowing terms of his work. So the high school starts under most pleasing auspices, which bespeaks well for the succes of the institution.

The bonds having carried yesterday, a new building will soon be erected to accommodate the growing attendance. Sequoia has a great future and soon it will become one of the great high schools of the state.

TEACHERS ARE HUNTING LOCATIONS FOR LIVING

The teachers who have come to Redwood City to teach in the local schools have been spending a good part of their first week searching for boarding places. The boarding part of a teacher's life is getting to be worthy of considerable attention. Teachers not only meet it in towns but also in the country. In the olden days there was usually a fight among the trustees as to which one would get the teacher. Now the teacher stays wherever she can find a place. The attorney general of the state has ruled that a district cannot spend its money in the building of a teacherage. Teacherages, however, will be needed soon if conditions continue as they are now. There are three districts of San Mateo county that have provided cottages for their teachers.

The San Mateo county teachers' institute will be held October 3, 4 and 5. The first session will be held at San Mateo in the high school. The meetings on the second and third days will be held in connection with the State Teachers' Association at the civic auditorium in San Francisco. A fine program has been prepared and the educational forces of the county should receive many valuable ideas to carry back to their schools.

NOTRE DAME SISTERS' NEW HOME

The parish of Our Lady of Mount Carmel is being congratulated upon the acquisition of the beautiful Hanson property on Arguello street. The property consists of an entire square bounded by Arguello, Fuller, East Brewster and Warren streets, containing one of the best kept gardens and one of the finest residences on the peninsula.

The building will be used as a home for the Sisters of Notre Dame and the boarding pupils of the academy connected with Mount Carmel church.

When the refurnishing shall have been completed the institution will be the finest boarding school in the state. An opportunity will be afforded the people of Redwood City to admire this remarkable establishment on the night of September 15, when a whist party and dansant will take place in the splendid building under the auspices of the newly formed council of the N. C. C. M.

SCIOTS FROM PALO ALTO ENTERTAIN FRIENDS HERE

The members of the Palo Alto Pyramid of Sciots entertained their friends at the local Masonic Hall last night with an entertainment and dance. Local arrangements here were made by John W. Poole and Major Lloyd Clary. There was a record breaking attendance and everyone had a wonderfully good time. The Sciots are getting to be an organization of statewide prominence. It was formerly the Mission Boosters' Association of the Mission Masonic Lodge, San Francisco. It now has pyramids all over the state and in other states. Frank McNulty, a brother of George McNulty, town trustee, is one of the state officers.

WORK OF RADICALS

They Failed to Belittle the Work of Senator Shortridge

A unit of the members of the encampment of the Ameircan Legion in the Yosemite this week took occasion to censure Samuel M. Shortridge for his vote in recomimtting and killing the soldier bonus bill in the senate. The great body of the Legion respect and honor Senator Shortridge. It was only the radicals of the encampment that tried to force their views upon the members, but as the Legion is made up of sensible men they failed in their attempt to belittle the work of the senator at the national capital.

Mr. Shortridge was perfectly right in his position. He voted with the Republican administration. Out of the great number of Republican senators only four voted against recommittal. President Harding made it clear to the senate that he would veto the bonus bill if passed. Why then should Senator Shortridge cast a nil vote? It is only the hotheads of the Legion who are denouncing the great senator. The legislative committee of the Legion at Washington has advised against this hotheaded action.

The people of the state of California are behind Senator Shortridge in his action on the bonus bill. They believe as President Harding believes, that this is no time for such legislation. Later on when the country is in a better financial condition such measures may be taken up.

Senator Shortridge is a fearless, able and wise statesman. His vote on the bonus bill should be commended by every fair minded and right minded citizen of California.

During the present congress many millions have been provided for the "maimed and disabled." The platform promise of the Republican party is being well kept. It has the entire support of the administration and Secretary Mellon, in his letter to the senate advising against the passage of th bonus bill at this time, said: "Our first concern, of course, should be to make full provision for the needs of disabled veterans. To that object the country is pledged to give without stint of its resources. It would be unfortunate in the extreme while we are struggling with that problem to dissipate our resources in a sweeping plan for cash payments to able-bodied ex-soldiers and sailors."

It is one of the results of the Democratic orgy of money spending that proponents of the bonus bill at least seem to have lost all appreciation of what a billion dollars means to the country. And the bonus plan contemplates three times the amount, according to the treasury estimate. Wilson authorized, and Secretary McAdoo wrote checks for hundreds of millions with the sang froid of a Louis XIV checking out hundreds of thousands. The Republican party has inherited those colosasl obligations and the American people have been pledged by their reckless former stewards to pay them. Until some practical plan has been worked out for that purpose, honorariums must wait.

RETURNS TO PROTECTION

After three quarters of a century of free trade Great Britain has definitely and by legislative decree abandoned the policy. On August 12 the British government's "safeguarding of the industries bill passed the house of commons by the overwhelming majority of 176 to 4. The bill embraces two resolutions; one introduced last March by Sir Robert Horne, providing an ad valorem duty of 33 1-3 per cent on optical glasses, optical instruments, scientific glassware, porcelain instruments, magnetos, tungsten and its products, synthetic and organic chemicals; the other and the more important, providing for customs duties on any articles not mentioned in the first resolution which the board of trade under the act will have the power to specify on the ground that such articles are being vended in the United Kingdom at prices below their production cost, or below what they can profitably be produced for in the United Kingdom. The powe rto protect British industries is thus placed in the hands of a commisison, a method prohibited in this country by the constitution and one which though speedy of application may be subject to grave abuse.

This change of policy on the part of Great Britain does not come as a surprise to those who have watched the trend of events in the tight little isle. The restoration of the protective policy, agitation for which has been more or less fitful since 1846, reached its height during the war, when it appeared to have a majority support among the British people. The system of imperial preferences adopted to apply to trade between the mother country and her colonial possessions soon after the close of the war was but a herald of the British intention to restore the protective policy.

The Napoleonic wars, 1793-1815, which enabled Great Britain to drive every continental rival from the sea and gain absolute control of the foreign commerce of the world, the displacement of hand labor by machines, British navigation laws, all combined to convince British manufacturers of the importance of propagandizing for universal free trade, and the poor harvests of 1838 to 1840 accentuated this feeling. "The policy of protection had been practiced for the purpose of building up the industries of England and of making her the greatest manufacturing center in the world," says Curtiss. "This had been accomplished. The whole scheme was entered upon for the purpose of inducing other countries to abandon protective tariffs and open their markets to the free admisison of British wares." "Is is well worth while," said Lord Brougham in 1816, "to incur loss upon the first exportation in order, by the glut, to stifle in the cradle those rising manufactures in the United tSates, which the war has forced into existence, contrary to the natural course of things." Free trade with Great Britain meant freedom to enter the markets of othe! countries.

The year 1839 witnessed the birth of the Anti-Corn Law League and the beginning of the era of Cobdenism, Cobden himself being a manufacturer intent on finding free foreign markets and confident of Great Britain's ability to undersell the world in manufactured goods. On May 26, 1846, came the rpeeal of the corn laws and the abandonment of the protective policy. One object of the free traders was "the extermination of the tenant farmers of England," declared Isaac Butt, Q. C., in 1851, and in 1854 the Anti-Corn Law League declared: "After ages of prescriptiye right our farmers have to contend for existence. That command of the British market which they have hitherto secured by unjust laws, they must now secure by superior energy, or abandon it to their rivals." The fact that Great Britain if blockaded would starve in six weeks indicates what her farmers realized from free trade.

The return of Great Britain to protection will be a hard slap at the free traders of this country who have so frequently pointed to her as a shining example of that policy.

REFORMS IN FEDERAL RESERVE

Since the Republican administration came into power the federal reserve board has changed its policy in several particulars concerning which widespread criticism has been voiced. Among other things it has reduced the rediscount rate, thus lowering the interest rates generally to the public. It has abandoned the system of graduated rates and has ceased its campaign for the liquidation of loans on farm products. In other words, it has discontinued its drastic deflation program from which the farmers of the country suffered so severely. The federal reserve law was substantially the Aldrich plan except that it placed control in the hands of politicians instead of bankers. The Democratic control conducted the deflation proceedings under which the farmers of the country sold their crops at about half the cost of production. The Republican policy is to give agriculture a helping hand if possible. There has not been much change in the personnel of the board, but evidently the board got a hunch from headquarters that different policies must be pursued. Consequently there are brighter days ahead.

BOARD OF SUPERVISORS

The board of supervisors met Monday, August 22.

A communiation was received from the Bear Gulch Water Company, stating that they were interested in the Greer road controversy between James Huddart and A. H. Hellman, which matter was to be taken up by the board at this meeting, and asking that the hearing in the same be postponed so that the company could have an opportunity to investigate the situation more fully.

Supervisor MacBain said he did not think that the Bear Gulch Water Company had anything to do with the road in question, as far as its closing by Huddart was concerned. He further stated that H. B. Foster, the company's engineer, was present at the last meeting of the board when the matter was up for discussion and he had an opportunity at that time. A motion of Supervsor Hickey that the matter be postponed to September 6 was lost on roll call and the board thereupon decided to proceed with the hearing and sent for District Attorney Swart, who had been asked to submit an opinion covering the situatfon. Owing to the latter being busy in the superior court, the matter was laid over temporarily, to be taken up later in the session.

Mrs. Nash, the clerk, read a communication from the Santa Cruz Chamber of Commerce informing that board that the new highway between Los Gatos and Santa Cruz would be formally opened on Friday, August, 26, and inviting the San Mateo county supervisors to attend the big celebration which is to be held in Santa Cruz on that day in honor of the event, at the same time asking the board to provide two traffic officers to work with those from Santa Clara, Santa Cruz and San Benito counties in acting as escorts to the big automobile parade from San Francisco to Santa Cruz.

On motion the invitation was accepted and arrangements were ordered made providing for the two traffic officers as requested.

With District Attorney Swart present the board at this time took up the Greer road matter. District Attorney Swart addressed the board and stated that from the records he had investigated he found a deed was made by Greer and others granting the road as a public highway, with a clause inserted providing that if the road should ever be abandoned and ceased to be used as a public road, it would reevrt back to the oriignal owners or their heirs. Six years later, he said, a map was filed by the same party in which the Greer road was dedicated as a public highway. A mere dedication, he said, however, is not sufficient to declare a road a public highway unless it has been used as such afterwards. What the facts are in the case, he stated, is a matter of evidence, and it would be impossible at this time to give a legal opinion without this evidence being brought out. He held, however, that if the Greer road, as it appears on the map filed, has been used for any length of time as a public highway.

James Huddart, one of the interested parties, addressed the board and stated that there were three different roads involved in the controversy and he claimed that the Greer road had never been made a public highway.

Following the discussion an order was made, on motion of Supervisor MacBain, esconded by Supervisor Hickey, that the board declare the Greer road a public highway.

County Purchasing Agent E. H. Werder addresse the board and stated that new motorcycles were needed for the traffic officers of the fourth and fifth districts. He submitted figures for the new machines he had received from San Francisco and San Mateo dealers, together with allowances that would be made on the old machines.

On motion the purchasing agent was instructed to buy the new motorcycles and make the best arrangements posible in turning in the old machines.

Purchasing Agent Werder stated that the Ford car used by the sheriff's office was in very bad shape and that it would cost considerable money to repair it. He said a new Ford would cost $659 and that D. M. Flynn, Redwood City Ford dealer, had offered to allow $250 in exchange. The board decided not to purchase a new car at this time, but to have the old machine repaired.

CHANGES AND IMPROVEMENTS TO THE BANK OF ITALY

In line with their policy of keeping up to the minute in all that goes with up-to-date banking, specifications are being prepared for extensive improvements to the Bank of Italy building on Broadway and Washington street in this city.

The interior is to be redecorated and re-arranged and this will be done with a view of fitting in with the enlargement of the present building which will be considered later.

Changes to the outside include the removal of the old "Redwood City Commercial Bank" caption above the main entrance, the possible changing of the present terra cotta color scheme and the placing of new sidewalk and curbing on both Broadway and Washington street.

The improvements will be made by local firms, so far as practicable, and when finished this handsome building will be an even greater source of pride to Redwood City than it is at present.

That the Redwood City branch of the Bank of Italy, by its fair dealing and cordial interest in its host of patrons, has found its way into the confidence of all, goes without saying.

From a modest beginning five years ago it has tripled in resources without aid from the mother bank, and while not the "oldest bank in the county" it is a thriving limb to the second strongest bank in the United States.

Mr. John P. Weller of this city has been manager of the Redwood City branch since its establishment here, and Mr. Jos. J. Hahir also of this city represents the new business department of San Mateo county, which includes all present and future county branches.

SAN CARLOS

Lambert & Walter, the popular realty men of Redwood City, were in town last Tuesday showing prospective buyers over the various San Carlos properties they have recently placed on the market. Now that these gentlemen have taken over such large interests in this section they should attach themselves to the San Carlos Chamber of Commerce and help us to boost San Carlos to the limit.

Mrs. Charles S. Tate, proprietor of the San Carlos Tea Rooms, went to Sacramento on a hurried business trip the first part of the week.

Phelps Jewett, who has been visiting at the home of hi saunt, Mrs. John Farnham, has returned to his home in Bakersfield.

Lloyd C. Zook and family have returned from a two weeks' outing at their camp near Pescadero and Mr. Zook has resumed his work at the Morse trial gardens.

Mr. and Mrs. W. C. McElroy and Mrs. McElroy's mother, Mrs. McKenzie, were visiting with friends at San Jose over the week end.

Mrs. J. Cummings has moved into her new home opposite the school house, which was recently completed by Ben Zimmerman, the building contractor, under fair labor conditions. As 95 per cent of San Carlos residents carry union cards there is but little opportunity for any cut throat practices here in the building line.

Milton K. Smith, who was so extremely popular with the young ladies here during his residence in San Carlos, dropped into town for a few hours last Friday to exchange greetings with his many friends. Milton was accompanied by three charming young ladies who are actresses in one of his tock companie.

Dr. John G. Null will leave the first part of the week for the lava beds in Siskiyou and Modoc counties, where he will enjoy a two weeks' vacation in deer hunting and fishing. The doctor's camp will be located 30 miles from water, a supply of which will ihave to be taken in by auto or pack train.

Mrs. Jack Cowgill, her daughter, Miss Marvyn, and friend, Mrs. Ida Houghtaling, returned from southern Oregon last Saturday.

Dr. F. Holmes Smith, county health officer, has presented to Dr. John G. Null of this place a sheepskin as a deputy health officer for San Carlos. We will all get in and clean up our back yards now in order to keep out of trouble.

After a two months' visit with her sister, Mrs. Fred W. Lippman, at Laurel Nook, Mrs. Jesse T. Bamfield has returned to her home at 6515 Wheeler street, Oakland.

W. H. Brennan, formerly passenger conductor on the local runs between San Francisco and San Jose, and who is now the popular trainmaster covering the same district, with supervision over the San Francisco yards, passed over the division on the local freight train last Thursday for the purpose of looking into local switching and local freight conditions with a view to recommending changes and improvements wherever necessary. Mr. Brennan is one of the most popular trainsamters both with the men and his superior officers of any who have held this position on this district.

Mr. R. H. Dewar and family who have been occupying the A. E. Botterell home during Mrs. Botterell's absence in Arizona and southern California are forced to move to Palo Alto about September 1st, or upon Mrs. Botterell's return from the south owing to the shortage of houses to let in San Carlos. While it will be convenient for Miss Dewar when she enters Stanford in October, it will work hardship upon her father who is employed at the Spring Valley Water Works here.

Master Nelso Vassalo is over from Oakland for a vacation with his chum and former school mate Fred T. Odgers, Jr.

Mrs. G. Rutgers of Oakland is visiting with the Lippmans at their Laurel Nook home.

The San Carlos people are now religiously patronizing the S. P. company when they have a train going their way at the right time in order to show their appreciation for the splendid accommodations furnished by the railroad company in the way of a railway station, postoffice building and in order to help finance the electric proposition which everybody is howling for through their several chambers of commerce.

Congressman Arthur Free of San Jose has a new title. He is now known about the capitol as "Offcial Business Free."

The other day a letter arrived at the Washington postoffice from Lowell, Mass. addressed to "House of Representative, Official Business Free, Washington, D. C." The next morning the letter was delivered to Congressman Free.

Mr. Free conformed to the request in the letter and the writer does not realize that she had simply copied the outside of an official envelope issued by the Government and that it had fallen into the hands of Mr. Free. Since accepting the responsibility of answering letters addressed to "Official Business Free" it is expected that Mr. Free's mail will materially increase.

When President A. P. Gannini of the Bank of Italy closed negotiations yesterday for the purchase of the six Rideout banks of Northern California, he acquired a large chapter of California history as well as half a dozen thriving institutions with total resources of nearly $8,500,000.

The Rideout banks, two of them at least, have their roots in the gold days, the late N. D. Rideout having been a pioneer banker in Northern California. Rideout engaged in the banking business in Marysville in the early 50's, at a time when that city ranked second as a seat of enterprise in the interior only to Sacramento. The bank was not incorporated, however, until 1861.

Mr. Henry Burner has returned to the Masonic home at Decoto after a pleasant visit at the Hull-Shields home here and with friends in Palo Alto. Since Mr. Burner has laid aside business cares and the strenuous life he has developed his artistic tastes and abilities to an extent that he has turned out a number of worthy paintings portraying some of the finest scenic features of the state. A number of Mr. Burner's friends in San Carlos have been the happy and appreciateive recipients of this fine work at his hands.

MENLO PARK NEWS OF ALL SORTS

T. A. Sullivan has leased the Coxin building on the highway for a branch real estate office which he will open at once. He is a live wire realty broker who is handling much of the peninsula realty at his San Francisco quarters.

A prominent bird man rented quarters in the O'Keefe block. He will sell high-bred canaries ond other songsters.

The grammar school will open on Monday next with the same corps of teachers at last term.

Next Thursday evening a bridge party will be held at the home of Mrs. E. L. Eyre at Atherton. The proceeds of the affair will go to the Preservation Fund of the Old San Antonio Mission. Tickets are on sale at one dollar each. This is a worthy cause and all should support it. The old missions of the State are crumbling with age. They ought to be preserved for future generations. The history of the old missions is inspiring, full of romance for the deep student and the building should be maintained as an inspiration for the people of California as shrines to visit as wel las monumenta to the zeal and labors of the padres who worked so hard for their success in the years long since passed.

Mrs. Karen Sophie Jensen, a sister of Mrs. A. P. Johansen of this city, passed away in San Francisco last Friday. Mrs. Jensen was the wife of R. Theodore Jensen and the mother of Roy T. Jensen, Mrs. G. D. Cobb and Mrs. L. Elleson. She was a native of Denmark and was 63 years of age.

Catherine Roche, aged 13 years, passed away at her home in Menlo Heights last Monday from a throat affection. Her parents some time ago purchased the Selby property near the Las Lomitas school. The family has resided in the community for the past two years.

Miss Margaret Fenn, who has been visiting her sister, Mrs. A. G. C. Hahn, in Menlo Park, for several months, left Wednesday for her home in Columbus, Ohio. Miss Fenn was one of the most active in the horse show and children's circus given at the Hahn place in July for the benefit of the Stanford Convalescent Home. Much of the training of the young riders was supervised by her and she was tireless in her efforts for the success of the affair.

Mrs. C. H. Douglas has returned to her home in Merced after a visit at the Leon Douglas home in Menlo Park. She was accompanied home by Eldridge Douglas. Leon Douglas, who is a well known inventor and financier, recently purchased the Pauline Payne property at Menlo Park and made extensive improvements.

The Menlo Park Chamber of Commerce held an important meeting on Tuesday evening. Arrangements were made to hold an open meeting on Tuesday evening, September 6 in the Menlo Park hotel hall when all business transacted by the chamber since its organization will be presented and discussed. All are invited particularly the ladies. Matters of importance will come up at the gathering for discussion.

Mr. and Mrs. A. S. Murphy entertained about twelve friends at dinner on Sunday evening at their Menlo Park home, where they have had several guests over the week-end.

Mrs. Henry Rosenfeld of Menlo Park was hostess at an attractively appointed luncheon a few days ago.

William Warren of Menlo Park is on a vacation trip to the Yosemite valley.

The Charles Merrill family has returned to Menlo Park from the Merrill summer place at Asilomar.

Among recent sales made by E. M Long, the falty broker, are five lots on the corner of the State Highway and Walnut avenue, which is opposite the Winchester property, sold to Charles H. and Hannah Hage; also a corner of the Highway on Watkins avenue, one block south of the above, sold to a party who wants name withheld for the time.

Both of these places were sold to San Francisco people, and the prices realized were very reasonable, in fact, it is surprising that more sales have not been made to San Francisco people, considering prices that were obtained for similarly situated property in Oakland and vicinity in comparison with prices along the Highway between Redwood City and Mayfield.

We have predicted that in the very near future, many homes will be built facing the Highway and in the Atherton and Menlo Park districts. Nowhere in Alameda county con such a bargain be found.

The attractive home of M. F. Duff on the highway was sold this week, through Mark A. McCann, the realty broker, to Baroness V. Brodberg, late of Russia. Her husband is a retired general of the Russian army. They have six children. There are twelve in all in the family and all will reside here. Mr. and Mrs. Duff and their interesting family will in about a month take a house in San Francisco. Mr. Duff retired a few years ago from busness, having been engaged in the mercantile trade here with the firm of Duff and Doyle since 1874. The departure of the Duff family from Menlo Park is a matter of deep regret for they have always taken an interest in all town affairs. Mr. Duff has resided in the county for over fifty years, having lived at Portola for a number of years before coming to Menlo Park. The old store was started in 1874 by the late Murtha Doyle and shortly afterwards Mr. Duff became a partner. The firm was then known as Doyle and Duff. After the death of Mr. Doyle, his brother, James R. Doyle, became a member of the firm and the concern was then known as Duff and Doyle. and continued in business until 1919 when it was dissolved, Mr. Doyle moving to Berkeley. Mr. and Mrs. Duff will carry with them to the metropolis the very best wishes of the people of Menlo Park where they have resided so long and where they are so highly esteemed. They were married here. The wedding event still lingers pleasantly in the memory of many.

Mrs. Cordelia Dolan, a teacher in the local school for the past three years, resigned her postion yesterday to accept a place in the San Francisco department. Before coming here she was for twelve years superintendent of schools of Mono conuty.

James G. Mason left yesterday for Seabright. Mr. Mason and his two daughters will return next week.

Miss Louis Clark writes from St. Paul that she is enpoying her trip She will remain east for another month.

Manuel M. Medeiros, aged 26 of this place and Miss Nettie F. Means, aged 24 of Redwood City were united in marriage at the latter place on Wednesday.

Miss Idore Shurtz, whose father conducted the Menlo Park hotel several years ago, was recently married in San Francisco. She visited friends here last week. Her father is now conducting the Russ House at San Jose.

Santa Clara University opened for the fall term last Wednesday. The new pupils from here the John Morey Clarence Kavanaugh, John Bracesco and Leo Britschgi.

The James D. O'Kane home has been leased to Professor Anderson of Stanford who occupied the James R. Doyle home for some time past. The Kelloggs who have lived at the O'Kane place for the past two years have removed to their new domicile on Valparaiso avenue.

Mrs. George M. Pullman has returned from a two months' visit to the Eastern States. She was a guest of ex-Governor and Mrs. Lowden of Chicago for some time. Mrs. Lowden is her sister-in-law. Mrs. Pullman had a delightful trip.

STOCK IN WOODSIDE STORE OBTAINED BY FRAUD

Clara Cleal Neuman, as executrix of the last will and testament of A. A. Neuman, deceased, Monday, filed in the superior court a complaint for an accounting and recovery of property against Arthur E. Neuman.

Neuman, prior to his death on December 3, 1919, was the owner and in control of all of the capital stock of Neuman Bros., a corporation operating a general grocery and merchandise business at Woodside. The complaint filed Monday through attorney H. H. McPike of San Francisco alleges that prior to his death and while A. A. Neuman was of unsound mind, the defendant, Arthur E. Neuman, secured an assignment and tranfer of the stock of the company and took possession of the business, and now refused to deliver same to the executrix.

The plaintiff asks for a decree determining that the property belongs to the estate. She also asks that a receiver be appointed for the business and that the defendant be required to account for the business transacted since he took possession.

A LARGE REDWOOD TREE FOUND NEAR REDWOOD CITY

While surveying the route for the Skyline boulevard, about two miles south of King's Mountain the engineers found a huge redwood tree twenty feet in diameter and over 60 feet in circumference. The new road will pass beneath the giant redwood. Its wide-spreading branches may be seen from the front steps of the Redwood City courthouse.

SUMMONS
No. 8360

In the Superior Court of the State of California, in and for the County of San Mateo.

Frank V. Larrus and Louise M. Larrus, Plaintiffs.

vs.

Frances Weisshaar, as Executrix of the last Will and Testament of Odelia Weisshaar, also known as Ottilia Weisshaar and Odilia Weisshaar, deecased; Ottilia Weisshaar, Francis Weisshaar, and Francis M. Weisshaar, Frances Weisshaar and Frances M. Weisshaar, and also all other persons unknown, claiming any right, title, interest, lien or estate, in, to or upon the real property described in the complaint, adverse to plaintiffs' ownership, or any cloud upon plaintiffs' title thereto,

Defendants.

F. H. BLOOMINGDALE and RODGERS & SMITH,
Attorneys for plaintiffs.

Action brought in the Superior Court of the State of California, in and for the County of San Mateo; and the Complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETING TO:

Frances Weisshaar, as Executrix of the Last Will and Testament of Odelia Weisshaar, also known as Ottilia Weisshaar and Odilia Weisshaar, Deceased; Ottilia Weisshaar, Francis Weisshaar, and Francis M. Weisshaar, Frances Weisshaar and Frances M. Weisshaar, and also all other persons unknown, claiming any right, title, interest, lien or estate, in, to or upon the real property described in the complaint, adverse to plaintiffs' ownership, or any cloud upon plaintiffs' title thereto;

Defendants.

You are hereby required to appear in an action brought against you by the above named plaintiffs in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this summons, if served within said County, and if served elsewhere within thirty days.

And you are hereby notified that if you fail to appear and answer, the plaintiffs will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

That the object of said action is to obtain a judgment and decree of the above named court establishing plaintiffs' title to the real property described in the complaint and hereinafter described; that the defendants and all other persons claiming any right, estate, title, lien or interest in the said real property, adverse to plaintiffs' ownership, or any cloud upon plaintiffs' title thereto, be required to set forth the nature of his, her or their claim or claims, and that such claim or claims may be determined by a decree of court; that in and by such decree it be determined, adjudged and decreed that the plaintiffs are the owners in fee and entitled to the possession of the said premises and the whole thereof; that the defendants have not, nor have any of them, any estate, right, title, lien or interest whatsoever in or to said lands or premises or in or to any part or parcel thereof; and that the defendants and all persons unknown claiming any right, title, lien, interest or estate in or to said premises or any part thereof, be forever debarred and enjoined from asserting any claim or claims whatever in or to said property, or any part thereof, adverse to plaintiffs, and that plaintiffs may have such other or further judgment, order or relief in the premises as to the Court may seem just and proper.

A description of the real property affected by this action, and situated in San Mateo County, California, is as follows:

The southeast one-quarter of the northwest quarter and the northeast one-quarter of section thirty-two (32), in Township seven (7) South Range three (3) West, Mount Diablo Base and Meridian, containing 200 acres of land, according to the official plat of the United States Surveys.

WITNESS MY HAND and the seal of the Superior Court of the State of California, in and for the County of San Mateo, this 24th day of May, 1921.
